

CE CONFORMITY DECLARATION
in accordance to CEI ISO/IEC 17050-1

The company

VALVOSANITARIA BUGATTI S.p.A.

as a manufacturer,

declares under its own sole responsibility,
that the products belonging to the DAKOTA serie,
brass valves for gas plants to which this declaration refers to,
are conform to what is specified in the catalogue and in their technical specifications.

The copper alloys used for their manufacturer,
are conform with EN12164 and EN12165 standards.

They were designed and manufactured in compliance
to the requirements of the **CPR 305/2011 Directive**
as demonstrated through conformity at the **EN331** standard.

The installation must be carried out by qualified personnel only
since, in operating conditions, the pressure limits
and temperature mentioned in the data sheets,
shall be respected.

The manufacturer

shall exclude its own all liability for each and every direct and indirect injury to person or damage to property
as a result of improper use or incorrect installation of product supplied.
In case of improper storage and use after the delivery of the offered products,
the manufacturer is not responsible for any consequences on public health.
